# HEMP - C

PREMIUM CBD OIL

Premium product made from hemp and extracted from the flower, leaf, and stalk. The Hemp Oil we produce has 150,000 PPM of

CBD and is used due to its many healing properties. Its great beneficial impact on health to treat some symptoms and illnesses has been shown, especially to assist the central nervous system.

Endocannabinoid system, which is located in the body, functions as a system for communication among cells, and can be found in multiple tissues in order to help regulate several metabolic processes.

HEMP-C supports the endocannabinoid system to regulate and improve systems.

## BENEFITS

Helps regulate and improve the functioning of these systems:

- Neurological
- Musculoskeletal
- Cardiovascular
- Respiratory
- Digestive
- Endocrinological

## Therapeutic Applications

- Learning and memory
- Pain management (chronic and acute)
- Immunomodulatory
- Anti-inflammatory
- Reduces ailments, such as nausea and vomiting
- Regulates sleep-wake cycles
- Anxiolytic
- Helps in the treatment of neurodegenerative diseases (Alzheimer, Parkinson, multiple sclerosis)
- Antioxidant

## What effects does Hemp-C Premium CBD Oil provide?

### Minutes to Hours:

Controls acute pain (muscle, bone, visceral or neurological pain), is anxiolytic, helps in the treatment of epileptic seizures, has a sleep-inducing effect.

### Days to Weeks:

Controls chronic pain (as a secondary result to neoplastic diseases/cancer), digestive symptoms, neuromodulator, helps in addiction treatment.

### Weeks to Months:

It is neuroprotector, delays cellular aging, prevents the development of neurodegenerative diseases. In addition, it is used as an aid in the treatment of cancer, is antipsychotic, helps relieve inflammatory diseases

## ACTIVE INGREDIENT

# • CBD • CANNABIDIOL

It is a non-psychoactive and non-toxic compound from the hemp plant and one of the 113 phytocannabinoids found throughout the cannabis plant. It is a non-psychoactive and natural substance that has a therapeutic effect and is used in the treatment of several disorders, such as epilepsy, and anxiety disorder.
